During its September 19, 2024 meeting, the Drought Task Force recommended the formation of a Subcommittee for the purpose of developing the County Drought Resilience Plan (DRP), comprised of five members from the Task Force. The Subcommittee convened on December 19, 2024, January 16, 2025, and February 20, 2025 to review progress on the County DRP's development and provide information about various County departments' existing projects and programs, including their responsibilities as Local Primacy Agency for state small water systems (SSWS), and to provide direction on the development of draft Short-Term Response Actions (STRA) and Long-Term Mitigation Strategies (LTMS) for inclusion in the County DRP. See Transmittal for further details.

(Report – Kamie Loeser)

Action Requested: (1) Provide direction to the Subcommittee on draft response actions and mitigation strategies to include in the County Drought Resilience Plan. (2) Identify any planning documents that County departments or Task Force agencies have prepared that include drought-related response actions and mitigation strategies that should be referenced in the DRP or incorporated in the STRA and LTMS.
